

Emmanuel College

14 September 2018

Dear Parent

Individual Student Photographs

As you will be aware, your son/daughter recently had their photograph taken in College by a professional photographer. The photographs are used internally within the College, however, I am pleased to advise you that, should you wish to purchase a copy of the photo, this can be arranged direct from the photographer. The photographs are now ready to view and for orders to be placed, if required.

In order to view your son/daughters photograph, you will need to visit the photographer's website and use a set of logons. The logon details you will need are as follows:

Reference number: username (see your email)

Password: password (see your email)

Please leave the 'Event Name' section on the logon page unfilled. There are various photographic packages available to purchase. Please see below for details of the packages available and the costs involved.

To access the photographer's website, please follow this link: www.imagepartner.co.uk

Any orders you make via the photographer's website by **30 September 2018** will be delivered to Emmanuel College for distribution. If you have any queries about the photographs, the photographer's contact details are:

David Shilling

Email: info@focalpointschools.co.uk

Yours sincerely

G Steer

Head of Lower School

Focal Point Schools
