Features and Benefits

Google Play restrictions allow you to set the maturity level of apps and set a PIN code for purchases.

What specific content can I restrict?

|		
Apps Access	In App purchasing	Online games

What do I need?

A Google Play account (Email and Password).
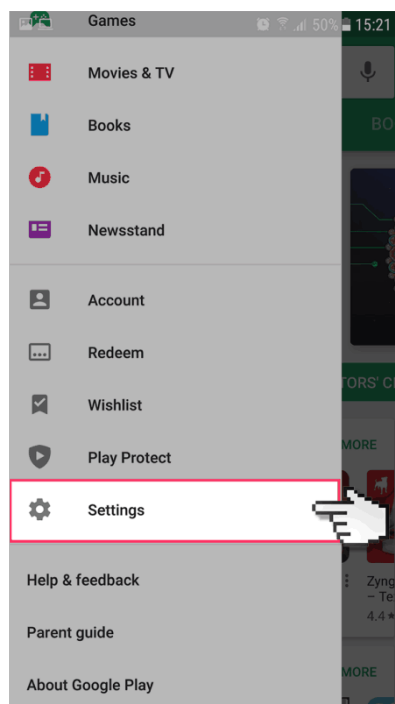

Google Play guide

Go on to the Google Play app on your device. And select the three lines icon to open up the settings.
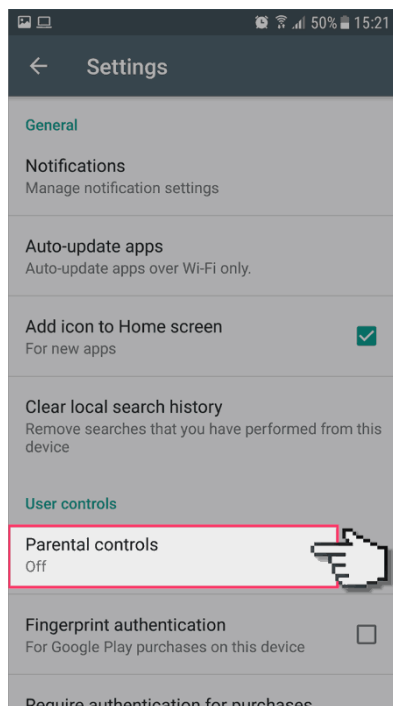

Google Play guide

Scroll down and select 'Settings'.
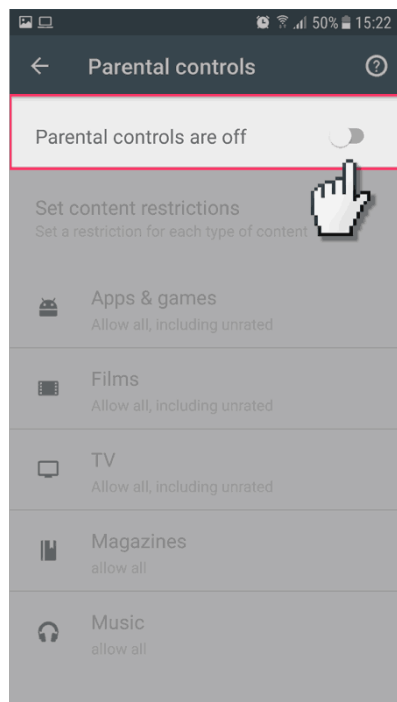

Google Play guide

Select 'Parental Controls'.
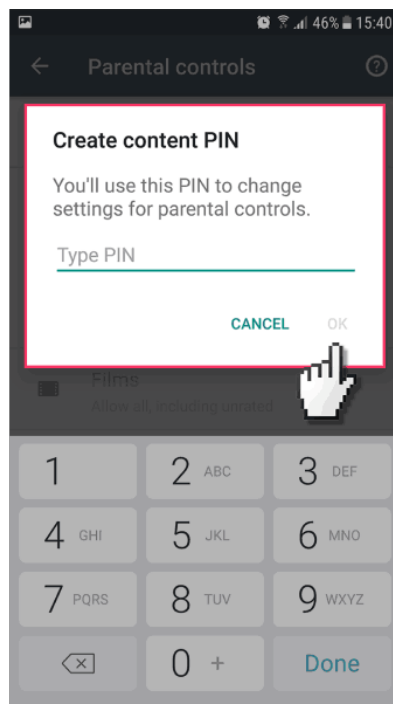

Google Play guide

Switch the parental controls switch to 'on'.

Google Play guide

It will ask you to create a 4 digit PIN which will be needed to change the settings in the future. It will ask you to enter this twice for confirmation.

Google Play guide

You then have the option to add restrictions to all the different types of content depending on the age of the child.
