

EMMANUEL COLLEGE
Emmanuel Schools Foundation

15 January 2021

Dear Parent

I do hope that this finds you and your family well at this time. We continue to be encouraged by all that staff and students are doing to make this time as productive and enriching as possible.

As you will know, teaching staff have been working hard over the last week or so to ensure that all students engage in the remote learning which is in place. There is much to take in so I am delighted to be able to share with you the following [short video](#) in which we have sought to answer some of the common questions that parents and students have had this week about remote learning.

I would like to take this opportunity to remind the whole community that following 'check in' with tutors, the day begins with Good Morning Emmanuel, which is broadcast live each day. We would really like all students to engage with this each morning.

With many thanks.

Yours sincerely

Matthew Waterfield
Principal
