

Transition to A-Level Physics 2021

Essential tasks

You are expected to complete these tasks in preparation for starting the course and these will be checked during the first week back. Please contact Mr Kernohan if you have any issues in completing these.

1. Set up an account at <http://isaacphysics.org/register>. You may need to verify your email address for this.
2. Join the group 'Year 11 Transition to A-level 2021' using this link: <https://isaacphysics.org/account?authToken=MCYLDJ> or by entering this code: **MCYLDJ** in the teacher connections tab on your 'My Account' page.
3. Complete the 4 assignments tasks assigned to this group. This should take between 3-4 hours.
4. Make a poster about the **nuclear model of the atom** and add as much detail as you can.
